Quote is based on measurements provided on submission and subject to change after templating. Removal of existing countertops is not included.

The above prices, specifications and conditions are hereby accepted. You are authorized to do the work as specified.

A 50% deposit will be required on Order and the balance once the template has been completed and checked by ourselves unless other terms agreed in writing.  
 A late payment of 10% will be charged where payment is not received within 7 days of completion. An additional charge will be incurred if we cannot carry out work on agreed date

All pricing will be based on final measurements, as estimates do not always match actual measurements taken during the template phase. You will be notified if there is a change prior to material being ordered. Installation will be approximately 7 days for standard profile and approximately 14 days for non standard profile from confirmation of laser template.
